## Free night electricity plan dallas

Direct Energy Get \$320 in Amazon.com Gift Cards when you sign up for one of our most popular plans, or explore our other electricity plans to find the perfect one for you. \*This incentive applies to the 24-month Live Brighter(R) Plus, Twelve Hour Power Plus, and Free Power Weekends Plus plans. So excited I picked this energy provider for my family. The service they gave such as being able to check my usage and the constant tips the Direct Energy app gave me were a big help. I love how Direct Energy provides a renewable energy plan. I think it is so important to support clean energy. What's In It for Me? Energy choice means you can tailor your plan to your needs. Make sure to choose the plan that fits with your lifestyle and usage patterns. Consider the Total Cost The total cost of a plan has many factors, including your rate, usage and fees charged by your utility to deliver energy to your home. What's Your Usage? You can easily calculate your total energy cost by multiplying your usage by the rate. Check your past bills to see your historical usage. Delivery Fees Delivery fees are separate charges on your bill that come from your local utility to cover the cost of delivering energy to your home. Your utility may change these fees even if the energy rate from us is fixed. What's Included in the Rate? The rates above include your energy charge from Direct Energy, current delivery fees and other charges to cover the cost of energy delivery and service. How to Sign Up Signing up is easy! Just select your electricity plan and go through the online enrollment process. We'll take care of the rest. The rate includes your energy price per kilowatt-hour (kWh). The rate also includes charges that help deliver energy to your home, such as the base charge and delivery charges from your Transmission and Distribution Utility. Some of these charges are fixed and others depend on your usage. You can find your energy price per kWh and other charges in your EFL. When you sign up for an electricity plan, you'll be able to choose the day you start service. You will usually be able to start service within seven business days. You can sign up by clicking "SELECT PLAN" above. If you're moving to a new address, just use the address of your new home to fill out your service address information. If you're switching from another electricity provider, we'll then know about your switch. \*Amazon.com ("Amazon") Digital Gift Card ("Card") incentive applies to Live Brighter(R) Plus, Twelve Hour Power Plus, and Free Power Weekends Plus plans.
